

### **Software to Install:**

1. One of the following browsers:
  - a. Chrome
  - b. FireFox
  - c. Opera
  - d. Brave
  
2. Browser Extension (if you are not using Brave)
  - a. MetaMask
  
3. Request some test ether from <https://faucet.rinkeby.io>

### For Day Two

1. Embark by Status:  
Installation guide: <https://embark.status.im/docs/>
  
2. An editor (I use VS Code with solidity extensions)
