

SUSS NiFT Blockchain Security Alliance

On May 31, 2023, DigiFT announced that they officially joined SUSS NiFT Blockchain Security Alliance.

The SUSS NiFT Blockchain Security Alliance, jointly launched by Beosin and SUSS NiFT, consists of several units with diverse industry backgrounds, including university institutions, blockchain security companies, industry associations, fintech service providers, etc. The first batch of board members include Beosin, SUSS NiFT, NUS AIDF, BAS, FOMO Pay, Onchain Custodian, Semisand, Coinhako, ParityBit, and Huawei Cloud.

On May 31, 2023, DigiFT announced that they officially joined SUSS NiFT Blockchain Security Alliance. With a vision to bridge the gap between traditional and decentralized finance, DigiFT is the first and only security token DEX enrolled in the Monetary Authority of Singapore (MAS) FinTech Regulatory Sandbox. It aims to provide regulated decentralized finance solutions on the public blockchain, offering an Automatic Market Making (AMM) mechanism that facilitates secondary trading liquidity for security tokens backed by real world assets such as bonds and equities.

The members of the Security Alliance will work together and cooperate to provide security value to the global blockchain ecosystem by leveraging their technical strengths. The Alliance also welcomes more members in blockchain-related fields to join and jointly defend the security of the blockchain ecosystem. As of today, there are 38 members at Blockchain Security Alliance.
